

## ***Macromolecular Rapid Communications* Junior Researcher Award 2023 - Call for Nominations**

Dear Friends and Colleagues,

We are pleased to announce that the ***Macromolecular Rapid Communications* Junior Researcher Award 2023** is now open for nominations.

Under the auspices of the Freiburg Macromolecular Colloquium, the award recognizes innovative young scientists exploring exciting new fields in the chemistry, physics, and application of polymer systems.

Eligible for the award are junior group leaders (habilitation, junior professors) based in Germany, who do not hold a permanent position at the time of the nomination.

The award consists of a cash prize of 500 €, an invited talk at the Macromolecular Colloquium in Freiburg, Germany, on February 17, 2023 (including a travel grant up to 500 €), and the invitation to contribute an article to *Macromolecular Rapid Communications* featuring the awardee's work.

Nominations for the *Macromolecular Rapid Communications* Junior Researcher Award will be evaluated by a committee composed of the organizers of the Freiburg Macromolecular Colloquium and the editors of *Macromolecular Rapid Communications*.

Nominations should include a CV, a publication list, and a short statement explaining why the nominee's research is innovative. More information can be found at:

<https://onlinelibrary.wiley.com/page/journal/15213927/homepage/junior-researcher-award.html>

Please send the nomination package to: [marc@wiley.com](mailto:marc@wiley.com) and write **MRC AWARD** in the subject field.

The deadline for the nominations is **November 30, 2022**.

We welcome nominations and self-nominations!

*The Macromolecular Rapid Communication editorial team*
